SUMMARY

Aspiring Cybersecurity Analyst with a strong academic foundation in engineering and a growing specialization in cybersecurity. Certified through the Google Cybersecurity Professional Certificate, with hands-on experience in incident response, threat detection (using Suricata SIEM), and risk assessment. Skilled in analytical thinking, scripting, and leveraging platforms like TryHackMe for practical cybersecurity labs. Passionate about safeguarding digital assets and eager to contribute to a security-driven team with a commitment to continuous learning and improvement.

TECHNICAL SKILLS

- | | | |
|--|--------------------------------|---------------------|
| • Security Information and Event Management (SIEM) tools | • NIST Cybersecurity Framework | • Incident Response |
| • Intrusion Detection and IDS tools | • Risk Management Framework | • Threat Analysis |
| • Network Security | • Risk Assessment | • Linux |
| | • Vulnerability Assessment | • SQL & Python |

PROFESSIONAL EXPERIENCE

Cybersecurity Operations & Risk Management

- Conducted asset identification, vulnerability analysis, and developed a basic risk management plan for hypothetical organizations.
- Gained knowledge in security frameworks, access control models, and the role of cybersecurity in business continuity.

Threat Detection & Incident Response

- Investigated simulated security alerts using a SIEM environment, analyzed suspicious login activities, and drafted incident reports.
- Applied network security principles to evaluate firewalls, monitor traffic flow, and interpret logs for potential threats.

Technical Skills in Tools & Automation

- Used Linux commands and SQL queries to parse log data, search for anomalies, and perform basic file forensics.
- Developed beginner Python scripts to automate tasks like log file analysis and simple data filtering for security insights.

EDUCATION

Chittagong University of Engineering and Technology (CUET)

B.Sc. in Electronics and Telecommunication Engineering (ETE)

2021 – Present

Currently pursuing undergraduate degree with focus on electronics, signal processing, and cybersecurity.

Abdul kader Mollah City College, Narsingdi

Higher Secondary Certificate (HSC), Science

Passed: 2021

- GPA: 5.00 / 5.00

Daudkandi Adarsha Pilot High School, Cumilla

Secondary School Certificate (SSC), Science

Passed: 2019

- GPA: 5.00 / 5.00

ADDITIONAL INFORMATION

- **Languages:** English, Bangla.
- **Certifications:** Google Cybersecurity Professional Certificate – Coursera, Engineering Design & Analysis with MATLAB - IICT
- **Awards/Activities:** Awarded Government Scholarship in JSC and SSC, Secured 1st place in C Programming Contest (College Level), Developed TrackMyJourney — a personal website to track cybersecurity learning (under development), Engaged in cybersecurity communities and continuously building skills through self-directed learning
